

St. Bernard Parish's Lot Next Door Program- Back Door Properties

As of November 2010, more than 4,900 letters have been delivered and more than 1500 residents have signed Purchase Agreements on LLT lots.

St. Bernard Parish has announced the next phase of the Lot Next Door for back door properties. In order to be eligible to purchase a back door the eligible property must have a 75% common rear with the LLT back door lot. Lots that do not share a 75% common rear will be considered by the Special Cases Committee of the HRQL Commission.

Global Risk Solutions, the contractor administering the purchase agreement process for St. Bernard Parish is requesting additional paperwork and deposits from eligible purchasers who are interested in purchasing back door lots.

The deadline for submitting an interest form and a deposit for the back door lot is **May 27, 2011**.

If you believe you are eligible for a LLT back door adjacent of your current property, but have not received an application packet, you may fill out the form below and mail or fax it back to GRS at the address listed. An updated list of available properties is posted on the St. Bernard Parish Government website at www.sbp.net.
